# SUNPRO & BEAVERDOME: ACFT VARIANT

The ACFT SunPro and BeaverDome are fully-customizable human performance shelter solutions designed to enable ACFT specific training and testing, as well as create a multi-purpose human performance training area. The open-ended ACFT SunPro is a utilitarian option for those units looking for shelter from the elements for their training and testing. The ACFT BeaverDome's standard size includes 16 lanes and features high quality, professional grade flooring. In addition, the ACFT BeaverDome has insulated roofing and walls, and HVAC systems with lighting. For both the SunPro and BeaverDome, each 40 ft container has two roll up doors for easy entry and contains integrated modular shelving to store all required ACFT equipment. Both BeaverFit ACFT Shelter Solutions can be customized to any size required and can be as robust or as spartan as the budget allows.

## Features

- ACFT 62" Knee-Tuck Bars
- Rope Climb Towers
- Climbing Wings
- Squat Stations
- Integrated Storage
- 25 Meter Lanes
- Custom Turf / Rubber Flooring
- Custom Shade Structure
- Custom Branding
- Lighting / Fans
- Insulated Roof and Walls

## Optional Variants

- ACFT Testing HP Shelters
- ACFT Training HP Shelters
- Court Conversions
- BCT PT Field Conversions
