## IT Is Complicated

### We Make it Simple with Our Expertise to Guide You

**LEADING GLOBAL SOLUTIONS PROVIDER**—Connection® Public Sector Solutions has been trusted by Federal Government agencies for decades. We help agencies design, enable, manage, and service IT environments to optimize investments. Our teams foster deep relationships around a solutions approach and exceptional service.

**QUALIFIED**—Our Account Managers and technical experts are ready to assist you with a complete range of services offerings, including: Business Resiliency, Cloud, Cybersecurity, Data Center Transformation, Digital Signage, Managed Services, Network Transformation, and Workplace Transformation. With extensive vendor partnerships and a broad selection of over 300,000 products, Connection combines the professional services, technical expertise, and purchasing power you need for any size project.

**EXPERIENCED**—Our extensive experience serving the Federal marketplace ensures we can identify and apply the right purchasing vehicles to equip your organization with the right tools to accomplish your mission. We continuously expand our BPA coverage and add new contracts, as well as manage a broad GSA schedule. For open-market purchases and transactions where no contract vehicle is in place, you can count on highly competitive pricing.

**PROVEN**—By navigating the technology landscape for every facet of agencies—from departmental levels to community end users—we employ IT for better outcomes. Connection delivers value through in-depth expertise, savings, and outstanding service.

**Call today to see if you are eligible for special contract pricing or special government and education pricing.**
