

Capgemini Government Solutions, LLC

# Global Capabilities to Support the U.S. Warfighter Mission

## WHY CAPGEMINI

U.S. National Security posture requires cutting-edge innovation, with proven technologies and the ability to industrialize for scale. Capgemini is the right partner for the Department of Defense because of our ability to meet those demands. With more than 270,000 people in over 40 countries, Capgemini is one of the world's foremost providers of consulting, technology, and outsourcing services. Global revenues exceeded \$15 billion in 2019.

## DELIVERING CAPGEMINI CAPABILITIES WITH FEDERALLY COMPLIANT APPROACHES AND EXPERTISE

Our cloud offerings, for example, are designed around cloud-for-government platforms with an eye towards federal security requirements, such as FedRAMP. We hire and maintain a strong base of U.S. citizens

with a deep understanding of government mission needs and adherence to clearance and regulatory requirements. Federal government agencies and aerospace and defense companies trust us with mission-critical systems. We have proven processes, methodologies, and frameworks that we implement safely and transparently, enabling delivery of essential systems and services.

## EXTENSIVE PARTNER NETWORK

brings to bear the capabilities of a wide variety of technology partners. These include firms such as Salesforce, Mulesoft, SAP, Microsoft, Amazon Web Services, Google Cloud, Oracle, Informatica, Pega, ServiceNow, Red Hat—just a few of a large and ever-expanding universe of our tech partners.

**OUR CLIENTS** include the U.S. Department of the Navy, Department of Homeland Security, National Reconnaissance Office, Department of Justice, and Department of Veterans Affairs. We also provide commercial services to clients such as aerospace and defense manufacturers who require federal acquisition compliance or have security requirements.
