Your Trusted IT Partner

LEADING GLOBAL SOLUTIONS PROVIDER—Connection has been trusted by Federal Government agencies for decades. We help agencies design, enable, manage, and service IT environments to optimize investments. Our teams foster deep relationships around a solutions approach and exceptional service.

QUALIFIED—Our Account Managers and technical experts are ready to assist you with a complete range of service offerings, including: Business Resiliency, Cloud, Cybersecurity, Data Center Transformation, Digital Signage, Managed Services, Network Transformation, and Workplace Transformation. With extensive vendor partnerships and a broad selection of over 300,000 products, Connection combines the professional services, technical expertise, and purchasing power you need for any size project.

EXPERIENCED—Our extensive experience serving the Federal marketplace ensures we can identify and apply the right purchasing vehicles to equip your organization with the right tools to accomplish your mission. We continuously expand our BPA coverage and add new contracts, as well as manage a broad GSA schedule. For open-market purchases and transactions where no contract vehicle is in place, you can count on highly competitive pricing.

PROVEN—By navigating the technology landscape for every facet of agencies—from departmental levels to community end users—we employ IT for better outcomes. Connection delivers value through in-depth expertise, savings, and outstanding service.

YOUR IDEAL PARTNERSHIP TO Optimize IT

CONNECT WITH OUR:

Advanced Technology Solutions

We transform technology, turning trusted brands into complete IT solutions, by adding a unique combination of IT services, expertise, and support.

Dedicated Account Teams

Our sales force is the most tenured in the industry, and they understand your environment and the external forces that affect it.

Industry-Leading Expertise

Our team of experts can support the assessment, design, implementation, and management of all your IT projects.

Software Licensing

Our experienced licensing team is ready to help you find licensing programs that will stretch your software budget and protect you from liability.

Premier Technology Certifications

We hold premier certifications with top vendors that allow us to offer in-demand products and expert technical service and support.

Product Authorizations

We hold authorizations with top OEM partners. This keeps us in-tune with advances in technology and enables us to offer the most sought-after products.

Convenient Availability

We have priority access to the biggest IT brands in the industry—granting us the ability to maximize product availability.

Rapid Response Times

Within hours of an order, we can have items picked, configured, packed, and in-flight to any nationwide location—well past typical cut-off times—for next-day delivery.

Custom Configuration

Our technicians perform a broad range of services at our ISO 9001:2015 certified lab and offer next business day delivery.

Support Throughout the IT Lifecycle

We provide a full line of IT services to maintain your infrastructure throughout the technology lifecycle, as well as customizable professional services to support the unique needs of your organization.

Contract Expertise

Our extensive experience serving the government and educational institutions ensures we can identify and apply the right purchasing vehicles to equip your organization with the IT tools you require.

Efficient Procurement Tools

Our website offers an efficient procurement channel with benefits that include purchasing authorization control and the ability to connect eProcurement systems, ERPs, marketplaces, and more. We also offer flexible payment options like credit card, P-Card, Net Terms Account, and leasing programs.

Vendor-Agnostic Design

We offer recommendations that reflect the best possible outcome for your needs, regardless of vendor or brand.

Strong Industry Partnerships

Our award-winning service and deep partnerships with leading industry suppliers ensure you have access to the latest technologies and resources.
